and sustained effort to serve agricultural or aquatic producers and the 15 percent will be attained in a reasonably short period. Only obligations under section 2.15(a) (1), (2), and (3) of the Farm Credit Act of 1971, as amended, as well as eligible agricultural or aquatic real estate loans to eligible borrowers and leasing obligations to eligible borrowers originated through the OFI's own leasing program, shall be considered in determining that this 15-percent requirement has been met.

(3) Where the OFI seeking access is a depository institution, or where the OFI is affiliated with one or more depository institutions and considered a combined entity in accordance with § 614.4545(c) of this subpart, the OFI must demonstrate a continuing need for supplementary sources of funds to meet the credit requirements of its agricultural or aquatic borrowers. The OFI's gross loan-to-deposit ratio shall be not less than 60 percent at the seasonal peak for the last 3 consecutive years. Where failure to meet this criterion in one of the last 3 consecutive years is the result of a general decrease in borrowings caused by an economic decline, the bank may make an exception in applying this criterion to a request for access where the OFI has otherwise maintained ratios equivalent to depository institutions of comparable size in the district. For purposes of this paragraph, gross loans shall include all direct credit extended by the OFI in its trade area. Such items as loans purchased from or participated in with other OFIs shall be excluded.

(4) The OFI has limited access to national or regional money markets as an alternate source of funds and is fully utilizing locally generated funds to finance local needs. Evidence of money market access shall be determined by the extent to which the OFI, or persons of similar size and circumstances, have the ability to utilize, on a regular basis, bankers acceptances, commercial paper, or negotiable certificates of deposit, or other similar liability instruments as a source of funds.

(5) The OFI would continue to use at least the same proportion of its resources for agricultural or aquatic lending.

(b) An OFI eligible under previous regulations which cannot meet the basic eligibility requirements of these regulations and is discounting with a bank on the effective date of these revisions shall not become ineligible provided it does not make material changes in operations or ownership.

§ 614.4555 Review of denial of access based on eligibility.

A bank which proposes to reject a request by an OFI for access to the bank as a source of funds on the basis of eligibility as set forth in § 614.4550 of this subpart shall promptly notify the Farm Credit Administration of such decision and the reasons therefor. The Farm Credit Administration shall review each such negative decision on a case-by-case basis, taking into consideration all relevant factors, and advise the bank of its final determination. Thereafter, the bank shall promptly notify the OFI of the determination as to the request for access and, if rejected, the reasons therefor.
